Holy Rosary Parish School Mission Statement

Holy Rosary School Community is rooted in the Word and energized with the Spirit of Jesus Christ.

We cultivate our community to live as Jesus taught within the Catholic Tradition.

We strive to build gospel values and promote academic excellence.

Fifth Grade Creating Fictional Planets

5th grade students at Holy Rosary embark on a far-out planet project that utilizes both parts of the brain. Not only are students researching a real planet or dwarf planet of their choice, but they are imagining and creating a realistic fictional planet.

Student-created fictional planets range from aquatic, miniature planets to giant gas planets with rat inhabitants to sugar planets in the Kuiper belt. Who knew space could be so exciting?

Space Trivia - True or False?

1. Uranus has rings
2. Jupiter is the largest planet
3. Mercury is made of Carbon
4. Neptune has supersonic winds
5. Ceres is the only dwarf planet in the inner solar system
6. Dwarf planets include Pluto, Eris, Haumea, Ceres, and Morania
7. Venus is also called Earth's twin
8. Mars is blue
9. Saturn is a "gas giant"
10. All the major planets orbit around the sun inside the Kuiper belt.

GIVING HEARTS DAY

Giving Hearts Day Mission For Holy Rosary School

Through a team of dedicated, faith-filled, and professional faculty, Holy Rosary School offers a learning environment that supports spiritual growth and academic excellence for all students.

Funds earned will...

- Enhance programming and learning opportunities for students
- Provide teachers with materials to enrich lessons and hands-on learning
- Offer new opportunities for providing up-to-date technology throughout the school
- Support salaries to adequately compensate and retain quality teachers

Giving Hearts Day is Thursday, February 11th

Pre-schedule your gift to Giving Hearts Day at:

app.givingheartsday.org/#/charity/1093 anytime through Feb. 9th.

Round-Up your receipt at Central Market
